COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

REQUEST FOR CONFIDENTIAL TREATMENT OF)		
INFORMATION FILED WITH SOUTH CENTRAL)		
BELL TELEPHONE COMPANY'S PROPOSED)	CASE NO.	95-413
CONTRACT WITH FINANCIAL ALLIANCE FOR)		
INTEGRATED SERVICES DIGITAL NETWORK -)		
INDIVIDUAL BUSINESS SERVICE)		

ORDER

This matter arising upon petition of BellSouth Telecommunications, Inc., d/b/a South Central Bell Telephone Company ("South Central Bell"), filed September 18, 1995, pursuant to 807 KAR 5:001, Section 7, for confidential protection of the cost support data developed in connection with a special service arrangement contract with Financial Alliance for an Integrated Services Digital Network - Individual Business Service ("ISDN-IBS") circuit on the grounds that disclosure of the information is likely to cause South Central Bell competitive injury, and it appearing to this Commission as follows:

South Central Bell has contracted with Financial Alliance to provide an ISDN-IBS circuit. This service is a tariffed service, but is only available on qualified facilities. Provision of the service at the customer's location will require an additional outside plant facility, specifically a repeater to increase signal

strength. In support of the application, South Central Bell has provided cost data which it seeks to protect as confidential.

The information sought to be protected is not known outside of South Central Bell and is not disseminated within South Central Bell except to those employees who have a legitimate business need to know and act upon the information. South Central Bell seeks to preserve and protect the confidentiality of the information through all appropriate means, including the maintenance of appropriate security at its offices.

KRS 61.872(1) requires information filed with the Commission to be available for public inspection unless specifically exempted Exemptions from this requirement are provided in KRS by statute. 61.878(1). That subsection of the statute exempts several categories of information. One category exempted in paragraph (c) 1 subsection is commercial information confidentially οf that disclosed to the Commission which if made public would permit an unfair commercial advantage to competitors of the party from whom the information was obtained. To qualify for the exemption, the party claiming confidentiality must demonstrate actual competition and a likelihood of substantial competitive injury if the is disclosed. information Competitive injury occurs disclosure of the information gives competitors an unfair business advantage.

ISDN-IBS allows business customers to transmit voice and data over ISDN channels through the exchange network. This service is an alternative to other local exchange service offerings, private line/data services, and dedicated private line networks. Central Bell's competitors for local exchange service are cellular carriers who may also provide cellular data services alternative access providers. South Central Bell's competitors for private line/data services and networks are interexchange carriers, resellers, and vendors of microwave, digital radio, fiber, VSAT, and other wireless equipment and services. Disclosure of the information sought to be protected would enable competitors to determine South Central Bell's cost and contribution from the service, which they could use in marketing their competing services to the detriment of South Central Bell. Therefore, disclosure of the information is likely to cause South Central Bell competitive injury, and the information should be protected as confidential.

This Commission being otherwise sufficiently advised,

IT IS ORDERED that the cost support data filed in support of the proposed contract with Financial Alliance, which South Central Bell has petitioned to be withheld from public disclosure, shall be held and retained by this Commission as confidential and shall not be open for public inspection.

Done at Frankfort, Kentucky, this 19th day of October, 1995.
